

**(HARNESS)**

**HARNESSWEB APPLICATION**

HarnessWeb was first implemented by Harness Racing Victoria to allow users to interact with their controlling body. HarnessWeb provides up to date, accurate information and gives the user access to important harness racing information 24 hours a day, 7 days a week.

Access to Harnessweb is via the internet, using any standard internet connection. If you do not have your own computer, you can log onto HarnessWeb through a friend's computer, or through internet cafes or libraries.

You can perform the following tasks 24 hours / 7 days a week at a time that suits you:

View horse details  
View horse foaling details  
Change gear  
Nominate or change driver

View horse performances  
Lodge stable returns  
Enter nominations  
Withdraw horse

View race fields  
View races by class
